Place Youngers and Dick Marshall on Peace Bonds

Result of Shooting Fray Saturday Afternoon When John Younger Fired at Marshall.

When R. W. Marshall, familiarly known as Dick Marshall, was fired upon several times by John W. Younger at about four o'clock Saturday afternoon at the office of Chester Bondurant, a shooting was started which resulted in the death of the latter's earlier period. The shot were all fired through the door and into the window of Mr. Bondurant's office, and the force of all the shots was so deflected that only one of them reached its mark hitting Marshall in the right chest, and causing only a slight wound, owing to the fact that it passed through a heavy overcoat, a dress coat and a thick note book, which so retarded the progress of the bullet that only a skin abrasion was the result. The shot passed through the upper part of Marshall's trouser leg, all the others being deflected by the door and glass.

Marshall is a resident of Union City, where Younger is a tenant living on the property of Marshall between here and Fulton City. The trouble between the men seems to have arisen from the alleged shooting by Marshall of an account over him by Younger. According to testimony brought out in the trial held Monday before Judge Stahr, witnesses testified that a plover shot had been charged to Younger by Marshall at \$100, repairing a gate being given at \$25.00, it was alleged.

Marshall had gone into the office of Mr. Bondurant to attend to some business transactions when he alleges that Younger and his father, J. A. Younger, came to the office and called to him to come out and settle the account, stating that they intended to force him to sign a receipt for the account. He alleges that he refused to sign out but went to the telephone and called Deputy Sheriff Thomas, who answered the telephone, to come to his rescue. Mr. Thomas arrived in about five minutes and took the office of Mr. Younger in custody. About this time John Younger fired at Marshall three times.

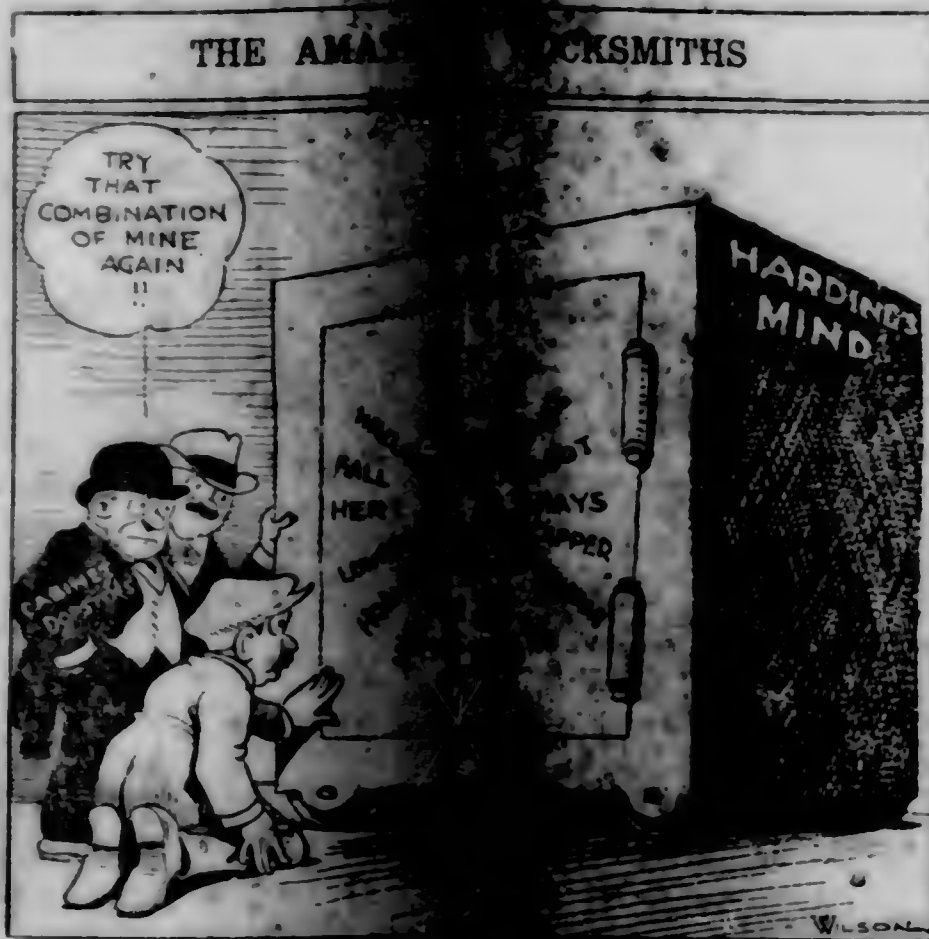

He was arrested and his preliminary hearing was held Saturday afternoon before Judge Stahr. He was held in custody at \$500 which he made. The trial was set for Monday afternoon to determine whether Younger and his father should be placed on a peace bond to prevent their carrying out threats which Marshall alleged they had made against his life and property.

Monday's trial was held before Judge Stahr, with County Attorney M. N. Smith, assisted by H. T. Smith of Fulton, representing the Commonwealth and Attorneys F. S. Moore and S. H. Stahr, representing the defendants. Many witnesses were present and a wealth of testimony was presented by both sides.

The first witness for the Commonwealth, who was Marshall, testified that on numerous occasions he had heard of threats being made against his life by the two Youngers because of the account which Marshall had sent for and which awaits the action of the next term of the circuit court. Marshall also testified that on several other occasions other than Saturday's episode, the Younger boy and his father had attempted to force him to settle the account, on one occasion when he was in the office of Judge F. S. Moore, at which time he alleges they sent Noble McGee, another tenant of his, to notify him that they wished to see him, when he also alleged McGee warned him that they were going to kill him. A second time he testified, was when he was in the building of the Latrobe Hotel, when he said word was brought again by McGee that they were after him. He said McGee warned him of their approach and held the room door of the hotel, while he made his escape. He testified that he ran out the rear entrance onto Jackson street and into the door of the hotel kitchen up into the second story of the hotel. During this time he testified, J. A. Younger and four of his sons searched for him, surrounding the hotel. He said he also had a peace warrant sworn out for the father, which was not served owing to the fact that the officers did not know him. He then testified that on several occasions he had tried to have a settlement made by means of disinterested men. He said that they would not agree to this but threatened his life if he did not cancel the account. He alleged that Saturday afternoon he and George Lower had gone into Mr. Bondurant's office, and had been there a few minutes when John Younger and his father came to the office.

Marshall then testified that he saw a receipt for the account. Mr. Bondurant went outside his office and attempted to persuade the men to leave, but was unsuccessful. He said that then he called Mr. Thomas, who came

(Continued on last page)

MURCHISON WANTS IMPORTANT POSITION

Asks Voters of the County for Post of Sheriff in August.

In our prominent column we are pleased to present the name of Charles A. Murchison, who is now in the office of Sheriff of Fulton County, subject to the action of the Democratic primary in August.

Charles Murchison is so well known throughout the whole of Fulton County that it is almost needless to say that he is a native of this county and is known to every man in this and surrounding counties.

He has held the office of Sheriff of Fulton County for the past six years and so well did he serve the people during his first term that they re-elected him again in 1917 with re-election to that important office. During his incumbency as Sheriff he has given his individual effort toward properly fulfilling the office entrusted to him.

and especially to thank the voters of the county for the past having shown him, because of his one of the county's important positions for two successive terms that they consider his claims more important than at the time.

Murchison's services as Sheriff of the county for the past two years have been so uniformly successful that the people of the county have been so satisfied with his work that they have taken a mental survey of the county for the office for which he is now a candidate.

By he desires to be advanced to the position and with his past record he should gain the good will of the people as an administrator which they will be proud. Mr. Murchison's activity in the past in the office of the Democratic party committee is a real public service and he will make the office of Sheriff a real public service.

In examining into the qualifications of the various candidates Mr. Murchison asks that you give him your hearty consideration.

BOB JACKSON FOR SHERIFF

Well Known Fulton Countryman Announces for Important Office.

The Courier is pleased this week to make announcement of the candidacy of Bob Jackson, who enters the race for the office of Sheriff of Fulton County, subject to the action of the Democratic primary August 6, 1921.

Mr. Jackson is well known throughout the county. He is the son of the late John Jackson, a civil war veteran who fought valiantly on the side of the South during that conflict together with Dr. J. W. Prather, of Woodland Mills, Tenn., Luther Maddox, Bill Maddox and H. C. Stanton, of State Line.

At present he is the proprietor of a grocery store in West Hickman, having lived here for several years. The voters in every precinct in the county, however, are well acquainted with Bob Jackson as he was a resident of Fulton for several years besides having been a resident at State Line, Sassafras Ridge and other sections of the county during his past life.

He is a native Fulton Countryman having been born and reared within the confines of this county. Mr. Jackson is married and has a family of five children. He is a poor man and as such he only desires that he be placed in a position property to supply the needs of his family and educate his children.

He asks for nothing which he does not believe he warrants. He has never held an office or been a candidate for any office, and in this his first request from the voters of the county he comes to them with the assurance that if elected he will bring to the office his very best services, and he believes that, should the majority of the voters of the county give him their support, he will make an acceptable officer and will show no favoritism in the discharge of his duties in that office.

Mr. Jackson is a man well known and well liked by all who know him. His acquaintance extends all over the county and before the primary election he will make an effort to see both the men and the women voters and present his claims in person, feeling sure that his claims to the office will meet with the hearty approval of the voters.

As a life long Democrat and a poor man who only asks that the electorate give him their support in his effort to better his condition and help to educate his family, and leaves his candidacy with the voters of the county.

Miss Esther Jackson, trained nurse who has been attending Charlie Holland, injured in the sawmill accident several weeks ago, has returned to her home in Nashville.

Fred Wiseman and family are moving to Carterville, Ill.

Judge Elvis J. Stahr Enters Race For Circuit Judgeship

Popular and Efficient County Official Asks for Important Office From Voters of First Judicial District.

HON. ELVIS J. STAHR

It is the privilege of The Courier this week to formally announce the candidacy of the Hon. Elvis J. Stahr, for the office of Circuit Judge of the First Judicial District of Kentucky, composed of the counties of Hickman, Ballard, Carlisle, Graves and Fulton. His candidacy is subject to the action of the Democratic party in the primary election August 6, 1921.

Nothing could give us more pleasure than to be able to present his claims to the recognition of the party, and while so doing to give our unqualified endorsement of Judge Stahr, both as an official and as a man. Certainly no official and no aspirant to an office could more richly deserve the support of the electorate as a reward for faithful service in the past than does the subject of this sketch.

Judge Stahr is a home product. He was born and reared in Fulton County, and is practically a self-made man, having secured an education through his own efforts, working his way through school by teaching and farming.

In 1911 he graduated from the law department of Cumberland University, and was admitted to the bar in the same year. In 1913, he made the race for County Judge of Fulton County against a large number of strong opponents and was elected by a nice majority. Since that time he has served the county in that capacity having been re-elected in 1917 without opposition. His administration as County Judge has been a constructive administration at all times. He has not been narrow in handling the fiscal affairs of the county, having endeavored always to see that every section of the county received what was due it.

Throughout his administration Judge Stahr has been blessed with a progressive and far-sighted fiscal court, which has better enabled him to carry out his ideas in seeking the highest possible development of the county. A more progressive administration could hardly be desired by the voters of the county, and yet throughout the seven years of Judge Stahr's tenure, he has given the county a conservative and economic administration.

GUY HOWARD FOR SHERIFF

Popular Fultonian Yields to Wishes of Friends.

It is our pleasure this week to announce that Guy Howard of Fulton, is a candidate for the office of Sheriff of Fulton County, subject to the action of the Democratic primary in August. For some time Mr. Howard has been considering the matter, and it is a source of gratification to his many friends that he has consented to make the race.

Mr. Howard is fitted in every way for the office which he seeks. He has been a success in everything he has ever attempted. In business circles he possesses an enviable reputation. He has served on the city council of Fulton, and is at present a director of the First National Bank. He is one of the largest live stock dealers in this section and in all business dealings his word is as good as his bond.

Mr. Howard has always been a worker in the Democratic party. He has done a great work for party success, and has given liberally of his time and money in all campaigns.

We know that he would make a good

administration as was possible during the times of soaring prices and exorbitant charging.

In the courtroom he has been fair in the trial of cases. He has tried several thousand law suits, which though small, meant just as much to party litigants as big cases and the principals of law which were involved were the same. In these cases he has been out justice in such a manner that satisfaction was given in as many cases as in humanly possible in such a position. Certainly the fact that he has given justice in these small cases should fit him for the more important office of Circuit Judge. He is well versed in the law and is a good student and a hard worker.

Again, Judge Stahr wishes to call the attention of the voters of the district to the fact that Fulton County has had no district officer either in the capacity of Circuit Judge or Commonwealth Attorney for a long time of years.

It is certain that the people of this county will give Judge Stahr an overwhelming majority in his race for this important office, and in his trips over the district he has met with much more than the ordinary amount of encouragement, which even now indicates that he will receive a very flattering vote in the primary election.

Of course, between now and August 6, he will make an effort to visit the voters of the district and will present to them his claims in person. He asks that both the men and women voters in the district weigh well his claims for the office which he now seeks. He richly deserves the most careful consideration, and a more thoroughly qualified man than Judge Stahr for the office of Circuit Judge is not to be found in the district. A thorough knowledge of the law, an equable and judicial disposition, combined with his sterling qualities as a man, make him ideally fitted for that position. The Courier bespeaks for Judge Stahr your most hearty approval and support, feeling sure that should he receive the majority in the August primary, this judicial district will have no cause to regret their action.

sheriff, if elected. He is young enough to put enthusiasm into his work, and old enough to put experience and ripe business judgment into it. He is making no campaign promises, except that he will devote his full time and energy to the office if elected, and give the voters a square deal in every sense of the word.

He expects to make a thorough canvass of the county before the end of the primary. Until he has had time to see the voters personally, he asks that they withhold pledges of support to any candidate, and give him a chance to explain his claims to the office.

Ignace J. Paderewski, foremost pianist and ex-premier of Poland, has arrived in the United States. He announces that he will not appear in any concert while here, but will devote himself to musical composition and rest on his California ranch.

The daughter of Jesse McNeill is reported as improving rapidly after an operation about two weeks ago at Union City.

Wilbur Jones of Fulton, has been spending several days in Hickman on business.

Mrs. Milton Moore of Jackson, is visiting Mrs. R. B. Johnson.

SPRING HATS

So smart and so much out of the ordinary that they are assured of your instant approval.

Never were early assortments more delightful. Hats bearing the labels of famous millinery houses. Styles to suit every purse and appropriate for every social occasion. Attractive ready-to-wear in the new bright colors, as well as the more subdued shades. . . Also early hats for children.

Discriminating women will welcome this chance to look over the season's new models

A TONIC

Grove's Tasteless Chilli Tonic restores energy and vitality by purifying and nourishing the blood. When you feel its strengthening invigorating effect, see how it brings color to the cheeks and how it improves the appetite. You will then appreciate its true tonic value. Grove's Tasteless Chilli Tonic is simply Iron and Quinine suspended in syrup. So potent even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Treats Malarial fevers and helps restore the Strengthening, Invigorating Effect. 60c.

PIGS WENT ON BIG "SPREE"

Ignorant Farm Hand Was Unaware of the Potency for Evil That Lies in Decayed Apples.

At Summit, N. J. some days ago, traffic was blocked in four directions by a small army of intoxicated pigs belonging to Harold Brown, who had employed Jess Van Giesen as hired man and forgot to ask him if he were experienced. Van Giesen, left to his own devices while Brown was in Newark, decided to clean up the apple orchard. He carefully separated the fruit, putting the rotten apples in baskets and dumping them into the bog pen. Being a green hand he did not know that an apple left to itself becomes a high-power distillery. Toward evening Van Giesen went to Paterson while the pigs went on a spree. They tore down fences and were soon on the highways and byways. Big pigs and little pigs were soon dotting the scenery, and when Brown returned from Newark he spent a very unpleasant evening restoring the intoxicated bacon to its proper home.

SHERIFF FORGOT TO HANG NEGRO

Sheriff F. A. Grant, Onchita Parish, La., notified Governor Parker that he had forgotten to hang Louis Eaton, a negro sentenced to hang on February 4, and asked what he was to do with the prisoner. The sheriff's letter to the governor said that he had been so busy with other matters on February 4 that the scheduled hanging had "completely slipped his mind." The governor put the problem up to Attorney-General Cato of Louisiana, who has announced that the negro must hang unless the board of pardons recommends the commutation of the sentence. In the meantime the attorney general said the trial court sentenced Eaton to hang and the death sentence was in effect until carried out. The governor's only part, he said, was to set the date. Much consternation was felt by the state officials because of the result of the sheriff's negligence, owing to the lack of any precedent in such a case.

Sugar Beet Harvester.

A machine for topping and digging beets, which according to the Scientific American, promises to eliminate much of the back-breaking work of harvesting, has recently been perfected. The apparatus resembles a potato digger in general outline, but in front of the lift that removes the roots from the ground is a revolving disk 20 inches in diameter, so adjusted by a spring and roller that it measures the cutting distance from the top of the beet instead of from the ground. Immediately behind the disk are two lifts that remove the beets from the ground and deliver them to an endless chain elevator that frees them of dirt and dumps them out behind the machine. As the top and head of the sugar beet contain an acid that counteracts the sugar in the rest of the root, a harvester must measure the beets and cut them at the right place.—Youth's Companion.

NO EUTHANASIA IN THIS.
 Miss Klavertklang—I play the piano merely to kill time.
 Mr. Bangs—Your playing certainly does it. But what a death!

Rejoice, Ye Baldheads!

Sheep's wool and human hair have been made to grow with nearly twice their usual vigor by feeding cerath, a sulphur and nitrogenous compound which is the foundation principle of hair and horns. The discoverer has to shave twice a day now, and bald-headed men are demanding that the material be placed upon the market.

Work Years for Wife.

A wife as wages is not uncommon in the Holy Land where a boy hired as shepherd may receive one of his master's daughters as a wife, instead of daily pay just as Jacob contracted with Laban for Rachel. The time served for a wife is still from five to seven years.

ESTRAY NOTICE.

Affiant, W. J. Fields, after having been duly sworn, states that the following described animals, to-wit: One black milky heifer calf, no marks, and one red horse, no marks, worth about \$25.00 were taken up by him as strays on his premises about seven miles east of Hickman, near the Roper School House, in Fulton county, and that Charles Roper, resident and property owner of Fulton County, Kentucky, being duly sworn, apprises said animals at \$25.00, and E. J. Stahl, Judge of Fulton County, values same at \$25.00, wherefore it is ordered that this notice be recorded by the County Court Clerk in a book kept for that purpose and said Clerk is directed to furnish an Attest Copy to the Hickman Courier for publication, and to post one on the Court House door.
 Witness my hand this 12th day of February, 1921.
 Attest Copy.
 E. J. Stahl, Judge of Fulton Co.
 O. C. Henry, Clerk.

NEWSY PARAGRAPHS.

The tree on which Daniel Webster hung his scythe after deciding to go to Dartmouth College has been given a place in the Hall of Fame for trees with a history.

Sixty per cent of the world's output of copper is controlled by the United States.

Government figures show a surplus of more than a million women in England whose hope of marriage depends upon their migrating to other countries.

The wild burro of the Grand Canyon of Colorado has been declared a pest by the United States government. The burros have destroyed the trails and denuded the pastures of grass so that native game such as antelope, has been forced out.

Residents of Tahiti express indignation because motion pictures, magazines and Sunday supplement pages depict the native Tahitian women as wearing few clothes. Missions have changed the style of native dress long before the present generation was born. The average native woman is dressed in a mother Hubbard.

A famous French statistician has re-

ported to the French parliament that 8,501,447 men died in the war between August 2, 1914, and November 11, 1918.

It is estimated that 5,000,000 of the better class of Germans plan to emigrate to Brazil, Argentina, Mexico and the United States.

Rats in Nolan County, Texas, are eating the growing grain and the bark from the trees six feet from the ground.

Six factories in Missouri manufacture corn cob pipes, and their output last year was almost a million dollars. "Missouri meerschaums" have more than a local reputation, and the special iron which grows the cob to make the best ones brings a fancy price in the cob.

German scientists have discovered that the roots of the ordinary bullrush may contain as high as 30 per cent of cane sugar. Secondary processes yield alcohol and nutritive cattle food.

The Douglas fir of British Columbia exudes a liquid at the tips of its leaves which when dry appears in white masses of sugar. The Indians of that region always lay in a supply for the winter months.

Of our virgin forests only one-sixth remains. What are we going to do

about it? Cut and burn them, too?

The Indiana house of representatives voted to bar all lobbyists from inside the railings of the hall of the house from ten in the morning until the afternoon adjournment.

Foreign claims filed with the Mexican government for losses suffered during the revolution total \$111,000,000. Claims were made by 5,000 persons.

Rhodesia is doing its bit towards returning soldiers and sailors. It has set aside 500,000 acres which is allotted free of charge to approved settlers from overseas.

Eighty per cent of the motion picture playhouses of this country still remain small structures seating but three or four hundred.

A Negro State Bank, the first of its kind in the State, was recently opened in Chicago. The bank is operated by and for negroes and has a capital stock of \$125,000.

Three hundred millions of gallons of gasoline evaporate annually between the wells and the refineries. This is only about half the total evaporation loss, and it is said that at least half of it is preventable. In the face of the high price of gasoline and apparent

shortage, it would look like here is a field that would repay investigation and improvement.

The Louisville & Nashville railroad will install wireless outfits to transmit railroad business. Train dispatches will not be handled if it is announced.

There are 115,000 tubercular children in Vienna, of which 10,000 are in urgent need of surgical treatment.

More than 2,000,000 acres in this country were planted with peanuts last year.

Insect annually destroy standing trees valued at \$70,000,000.

The present population of Brazil is one-fourth that of the United States.

Sanitary engineers use "top water minnows" to aid in the destruction of mosquito larvae. These fish are said to be very efficient in combating these malarial agents, and eat many thousands of them in a short time.

According to the figures of the reclamation service the amount of lumber required to make boxes for Washington's apple crop for 1919, was sufficient to build 9,350 country houses each capable of sheltering a family of five persons.

PLAN REVISION OF TAX LAWS

Idea of Giving Relief From Treason Taxation to Rule.

Republican leaders in Congress are awaiting the anticipated introduction of a bill for revision of the Internal Revenue laws for guidance in the revision of the direct federal taxation and in the tariff.

There plan at present to study out their plan which they hope the new president will endorse.

1. Reduction of government expenditures to a point at 40 to 50 per cent of the total population of the country, which would mean a reduction of the national debt to 1920.

2. Reduction of the excess profits tax from 10 to 5 per cent, and the removal of the tax from the profits of the war.

3. Increase of the income tax from 10 to 15 per cent, and the removal of the tax from the profits of the war.

4. Loss of a special tax on profits of 10 per cent, to be paid by the war.

5. Reduction of the tariff on imports of raw materials to 10 per cent.

Secretary of the Treasury Department estimates that it would be necessary to raise \$1,000,000,000 a year for some time to come, and the assumption that the Treasury Department will be able to raise the money by the proposed plan is a very serious question.

Republican leaders are generally in favor of the plan, but the new president will have to decide whether or not to accept it. The plan is a very serious question, and the assumption that the Treasury Department will be able to raise the money by the proposed plan is a very serious question.

What will be the result of the plan? It will be possible to get along without a central bank, and the excess profits tax will be removed. The plan is a very serious question, and the assumption that the Treasury Department will be able to raise the money by the proposed plan is a very serious question.

The views of these rival schools of economists are already being aired at length in and out of Congress.

CARD OF THANKS.

I wish to thank the people of Hickman for the many kindnesses shown to my family and myself and the favors shown my son, Everett, since his unfortunate accident.

L. C. Young, M. D. and Family.

TIME TO PRUNE AND SPRAY.

It is now time to prune and spray your home orchard. For the next two weeks the County Agent will conduct spraying and pruning campaigns of the home orchard. If you are interested and want your orchard to pay its way, it is absolutely necessary to prune and spray. It will be impossible for the County Agent to visit every home in the county during the next two weeks so if you would like to have a demonstration of how to prune and spray, call on me at the Farm Bureau office, No. 167, Hickman, and I will arrange for every person who makes application.

We should make our orchards pay for themselves and put the load in something that will pay. Our soils will produce good fruit if we will give the same careful care we give our corn and will be just as profitable for the home. It will help to make a good grocery bill and will have a great almost without comparison for your surplus product. I am an advocate of the home orchard and am ready to help you make your orchard a real success. Let's make them pay for themselves.

O. L. Cunningham, County Agent.

NEW RED SOX PILOT

Hugh Duffy, old-time major league ball player, is the new manager of the Boston Red Sox. He says the former world champs will do a comeback.

MAKING RETURN TRIP.

The Steamer Queen City from Cincinnati passed Hickman Tuesday morning at 9:30 on her return trip from New Orleans. The Queen City makes an annual trip to New Orleans from Cincinnati with visitors to the Mardi Gras celebrations which this year occurred February 8. In making the trip the Queen City consumes about a month's time visiting the more important and interesting cities en route.

Planters Supply Company

INCORPORATED

GIRL KILLED BY BURGLARS

One of the most atrocious crimes ever committed within the borders of Liver county occurred at Mount Hope community, three miles west of Haver, last week, when twelve-year-old Mary Adcock, 11-year-old daughter of William Adcock, was killed by an armed masked burglar who came to rob the home. Two men pushed open the door just after the midnight hour, and the girl, who was alone in the room, was killed by the first blow of the burglar's club. The girl had been sleeping in the room. The burglar had been in the room for some time before he was killed. The burglar had been in the room for some time before he was killed. The burglar had been in the room for some time before he was killed.

PRISONER WRITES TO SHERIFF.

Sheriff C. L. Jackson received a letter from Monday from John Jones, held in the county jail, who escaped from the Missouri Penitentiary last week. Jones was in the jail for some time before he was killed. The burglar had been in the room for some time before he was killed. The burglar had been in the room for some time before he was killed.

To Stop a Cough Quick

Take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES' O-LEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cough or Croup. The healing effect of Hayes' Honey in the throat is the first remedy to be used. Groves' O-LEN-TRATE Salve is the first remedy to be used. Both remedies are good for the throat and the chest of the child.

For Sale—180 Bushels Earl Seed Corn—J. P. Modder, Haver, Ky.

LINE UP FOR

PURE BRED CHICKENS

Through the courtesy of the Farmers & Merchants Bank at Hickman and the Farmers Bank at Fulton, a very unusual opportunity is given the poultry raisers of Fulton county to get a strain in pure bred poultry or to introduce new blood into their flocks with care and on a plan. The plan is as follows: At the Farmers Bank at Fulton, pure bred selected utility flocks of White Plymouth Rocks, the standard variety for this county. These eggs are to be distributed to any one who makes application for them and will fill out an agreement to return one good utility fowl next fall or its value in cash, to the bank for each setting of eggs received. The object of this plan is to improve the poultry of this county by increasing the number of pure bred flocks. It is hoped that out of eggs taken will furnish a start from which a true pure bred flock will develop. It is advisable therefore, that no person take less than three settings of eggs.

The contract forms will be found at the Farm Bureau office at Hickman.

and at the Farmers Bank at Fulton. If you desire to take advantage of this opportunity you can fill out one of these agreements and the eggs will be sent to you. If you live west of the M. & O. railroad it will be necessary for you to obtain your eggs through the Farmers & Merchants Bank at Hickman and if you live east of the M. & O. you should get your eggs through the Farmers Bank at Fulton. For further details consult the County Agent.

County Agent

FOR SALE OR RENT.

A 420 acre farm, all under fence, about 300 acres in high state of cultivation. This is one of the most productive and best improved farms in Fulton county having several deep wells and thoroughly tiled. To anyone paying 10 to 12 thousand dollars cash, we will allow 20 years for balance. If we can not sell we will lease two or three more tenants to either part or share crop. If interested apply to B. G. Hale Sr., or A. W. Hale.

If its good to eat we have it. The very best of service at Frost's.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents and if it fails to give relief in every case of liver sluggishness and constipation you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

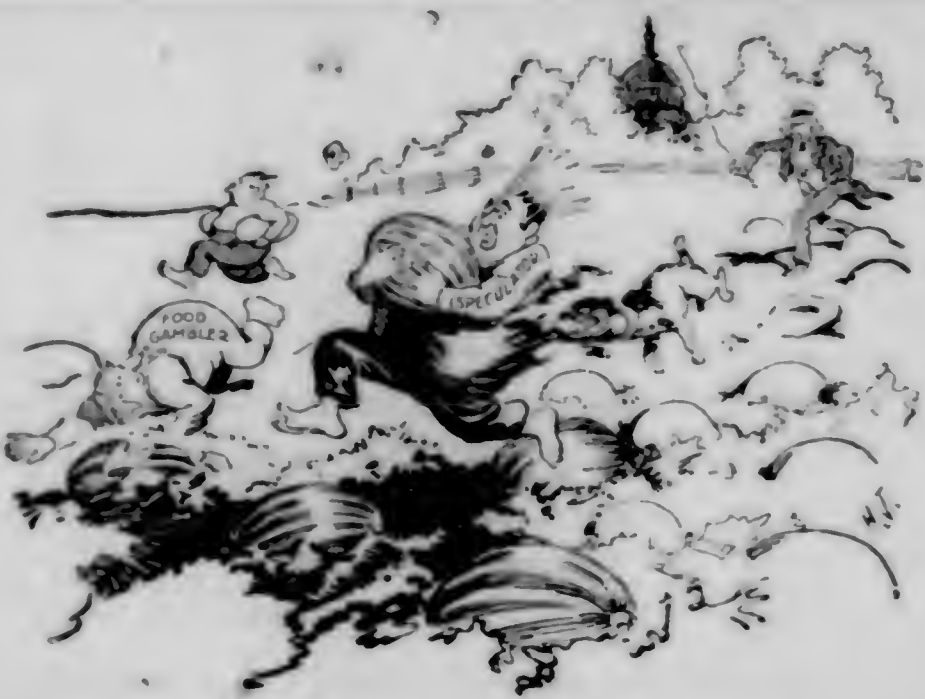

NOTICE!

The City Licenses on Automobiles were due

February 1, 1921

All parties running cars after February 1 in the city without city tags on same will be subject to fine.

JNO. PYLE
City Clerk

Wanted: A National Policeman

The farmer does not get enough money for the food he sells; but the consumer, who buys it, pays too much.

It is high time that Uncle Sam constituted himself a policeman to protect both producer and consumer. If he keeps the in-between boys from raiding the Public-Food melon patch, the producer will no longer have to put up with so small a return and, what is just as important, the public will not have to pay exorbitant prices for food.

The Farm Bureau, expressing the minds of the organized farmers of America, are setting out to convince Uncle Sam that he must act. It is only by national mobilization that the farmers can hope to secure action on this and other questions whose solution vitally affects the future of our farming industry. The Farm Bureau Movement deserves the support of each and every citizen.

THE COUNTRY GENTLEMAN, as the great national champion of progressive methods, is thoroughly in accord with the aims of the Farm

Bureau. Its vision is national: for in gathering the sound, helpful material which makes up its 52 big weekly issues its editors and contributors travel the country over in search of the latest news and the best opinion. Its editorial policy can therefore be accepted as fairly voicing the thought of the American farmer.

You want and need this national mirror of farm progress. It costs only \$1.00 for a year. Many farmers say it's the best buy they ever made. Send a dollar bill or your check today.

GAME RESTOCKING OF KENTUCKY IS PLANNED.

The State Game and Fish Commission is preparing to restock Kentucky with game and fish for the next season, and at the monthly meeting took steps for the distribution of fish and quail this summer.

The hatchery in Frankfort is to be enlarged by the purchase or lease of suitable adjacent land for several more ponds, and wet weather ponds in Ballard, which catch the Mississippi overflow, have been leased. They dry up in the fall, and before that time the fish will be sorted out and carried in the commission's car to ponds and streams throughout the state.

A thousand quail will be trapped or purchased in counties said to be well stocked, and distributed in counties whose stock has been depleted.

Eighteen Virginia white-tailed deer from the Pine Mountain game preserve have been released on the mountainside, and a carload will be shipped to the preserve in Lyon and Trigg counties. There are seventy-five English fallow deer already in Western Kentucky.

"CASCARETS" IF SICK, BILIOUS, HEADACHY

Tonight sure! Let a pleasant, harmless Cascares work while you sleep and have your liver active, bowels clear, stomach, liver and brain enlivened, stomach sweet and bowels moving regular by morning. No griping or inconvenience. 10, 25, or 50 cent boxes. Children love this candy cathartic too.

FULTON COMMERCIAL CLUB ELECTS OFFICERS

G. G. Bard was elected president of the Fulton Commercial Club at the regular election Thursday night. Ernest Hall was elected vice-president, Huber Finch, secretary, P. M. Hornbrook, treasurer. The following directors were elected:

Joe Browder, B. H. Wade, John Wade, H. V. Parrish, Lou Pickle and R. C. Pickering.

The Mayfield creek drainage project is said to be progressing satisfactorily. The machinery for dredging has arrived at Boaz in Graves county, where the start will be made. The contract for clearing the right-of-way for the ditch has been let and it is said by those who claim to know but actual work will be begun in an early date.

CONDEMN HIGH PRICED STOCK FOODS

Prominent Hog Raiser Says Prices Charged Are Unwarranted—Makes His Own Hog Food, With Better Results.

"That he is all through paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs ever placed on the market," was the statement made recently by E. H. Beckstead, well known hog raiser and authority on live stock.

Mr. Beckstead's hogs are the envy of his neighbors, and have topped the market for several years in Iowa. He states that for years he bought high priced hog foods and hog remedies, but that he is all through paying extravagant prices for what he can make himself. He states that what the hogs need are minerals, and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineraline (which is pure concentrated minerals and cost only a couple of dollars) and mixes same with enough grain or filler to make a hundred pounds. All hogs, and especially brood sows, require minerals as they keep them free from worms, and in the pink of condition, and are essential to the hog's growth and a well balanced ration. This inexpensive mixture, placed in a sheltered box where the hogs can get at it as they need it, will produce far better results than any high priced so called stock foods.

Send two dollars to The Mineraline Chemical Co., 1228 North Wells St., Chicago, Ill., and they will forward you by prepaid parcel post enough mineraline to make a full hundred pounds.—[Adv.] 35-4

"IT SAVED MY LIFE"

The Feeling Tribute of a Woman to

PE-RU-NA

READ HER LETTER—IT WILL DO YOU GOOD

"Peruna has been a Godsend to me. I feel safe in saying that it saved my life. I was all run down and miserable when I commenced taking Peruna, but am on the road to recovery now. I cannot thank it too much."

Mrs. CHARLES A. WATSON,
R. F. D. No. 7, Lagrange, Indiana.

A letter like this brings hope and the promise of health to every sick and suffering woman. Perhaps you know what it means to have your daily duties a misery, every movement an effort, stomach deranged, pains in the head, back and limbs, the time, nerves raw and quivering—not a moment's rest or night free from suffering.

Do as Mrs. Watson did. Take Peruna. Don't wait but start right away.

**STATE TREASURER OF
CHINA FAMINE FUND**

JOSEPH BURGE.

IN President Wilson's appeal for
aid to the Chinese people for
the suffering caused by the
famine, the State Treasurer of the
United States, Joseph Burge, is state
treasurer and the Hon. Mr. E. Y. Mul-
len, president of the Southern Bapt-
ist Convention, is chairman.
Funds for the China Famine Fund
should be sent to Mr. Burge, 9 Board
of Trade Building, Louisville.

**URGES FRIENDSHIP BE
CEMENTED WITH CHINA**—Photo by CATFIELD & SHOOK—
DR. HENRY E. DOSKER.

NOT only from a humanitarian
standpoint, but in view of the
serious situation faced by
America in the Orient, it would be wise
to cement the friendship between the
United States and China, in the opinion
of the Hon. Dr. Henry E. Dosker, a
member of the faculty of the Presby-
terian Theological Seminary, Louis-
ville. Dr. Dosker, who served as a
missionary in Japan and also in China,
made an appeal for funds for the
famine-stricken provinces north of the
Yellow river.

He has been in this territory and
says he is not surprised at the report
of the American Minister at Peking,
which states that 15,000,000 of the in-
habitants are subsisting on dry leaves,
wild plants and tree bark and the
death rate from starvation now is
15,000 a day with a typhus epidemic
seemingly inevitable.

Joseph D. Burge, 9 Board of Trade
building, Louisville, is treasurer in
Kentucky for the China Famine Fund.

DADDY OF LEGION 'POPPY DAY'

Buckeye Major Credited With Orig-
inating Idea of Wearing Blossom
In Memory of Heroes.

Major Wade C. Christy of Youngs-
town, O., is said to have origina-
ted the Legion's "Poppy day" and
the idea of selling poppies on
the street, to be worn in remem-
brance of our dead heroes of the
World war.

The poppy was
adopted at the
Cleveland convention of the Legion as
the official flower of the former ser-
vice men's organization.

LEGION OFFICER IN MEXICO

Commander of Department Also Mem-
ber of National Executive Com-
mittee of the Legion.

Although Legat H. Roemer, com-
mander of the Department of Mexico
of the American Legion was pre-
sident of a large
brokers firm in
Mexico City, Mex-
ico, at the start
of the World war
he enlisted in the
army early in the
game.

Mr. Roemer com-
mended a battery
of field artillery
as first lieutenant
and upon promotion to a captaincy,
served in the thirty-third field artil-
lery, remaining with that organiza-
tion during its service overseas. He
was discharged from service at the
Walter Reed hospital in Washington,
D. C., June 19, 1919, and returned to
his home in Mexico City.

An organizer of the Legion in Mexico
at Mexico City, Mr. Roemer was
named as its first commander. He
was recently elected commander
of his department and a member of
the national executive committee of
the Legion.

not only rid your scalp of dandruff
and stop falling hair, but im-
mediately your hair seems twice as
abundant and so wondrous glossy. Let
"Danderine" save your hair. Have long
hair, heavy hair, radiant with life
and beauty.

Climatic Record From Trees.

The unique climatic record worked
out from the annual rings of trees now
covers many centuries, a complete ac-
count of the seasons obtained by Prof.
E. A. Douglass having been given in a
publication of the Carnegie Institution
of Washington. This investigation of
weather history began with a study of
the yellow pine in Arizona, from which
the conclusion was soon reached that
the width of the annual rings has
varied with the amount of yearly rain-
fall. In the sequoias of California the
record is continuous for more than
3,000 years. Sections of various species
have been sought from many parts of
Europe and America and ingenious
methods of using the data obtained
have been developed. It is interesting
to note that evidence of the 11 year
sunspot cycle appears in the annual
rings of about all groups of trees, to-
gether with more or less clear indica-
tions of other cycles.

Who Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LANA-
TIVE BROMO QUININE is better than ordinary
Quinine and does not cause nervousness nor
ringing in head. Remember the full name and
look for the signature of E. W. GROVE, 30c.

One Good Innovation.

Jud Tunkins says one of the best
helps to production is the change in
political customs that prevents a man
to neglect work in order to go around
and get bids for his vote.

YOUNG PROPERTY SOLD.

Dr. L. C. Young, who intends to leave today for Florida, sold his property, including what is known as the Brown farm, a 180-acre tract three miles from Hickman, at public auction Saturday at Ben Newberry's store in East Hickman. The sale took place at 10 o'clock with Mayor J. O. West as auctioneer. All the property sold well.

Especially noteworthy was the sale of the hog belonging to Everett Young, Bluewood Green on Nov. 21, 1920, a pure bred Thompson hog. This hog was purchased from J. W. Mayes, the Hickman man of Fulton County, last June

for the sum of \$25, and since the purchase the pig has won \$107 in prizes and sold at auction to J. W. Mayes for \$200. The experience Everett Young has had as a member of the pig club should set a worthy example to many of our boys in the county, as any one of them can judge from his experience of the profits which may accrue from raising this pure bred stock.

Edgar Taylor spent Sunday and Monday with his wife, who is visiting her mother, Mrs. Chas. Jackson of Hickman. From here he went to Clinton Court, Ill., where his wife will join him later.

ROPER DISTRICT NEWS.

Mr. and Mrs. Ernest Fries and family, Kentucky, from Hickman, spent Saturday night and Sunday with their parents, Mr. and Mrs. W. A. Fries, and family, also Mr. and Mrs. Walter Custer. Mrs. Fries' family spent Monday night with her friend, Mrs. M. B. Vardine, of near Hickman. Mr. and Mrs. Fries' family and family visited relatives in Hickman Sunday. Mrs. Richard Saunders of Union City came Monday to visit her parents, Mr. and Mrs. T. N. Clark, and also her sister Mrs. Fries. They and family, for a few days. Misses Marie and Fannie Fleming were in Hickman Sunday. Mr. and Mrs. Horace Roper entertained the young people with a dance Saturday night. Music was furnished from Hickman and also some of the people. A small crowd was present and every one reported a very enjoyable time. Mr. and Mrs. Fries' family and family have moved to their new home which is on what used to be called the Carter place, but now belongs to Mr. Fries. Mr. and Mrs. Ben Horton of Fulton, spent Monday night with Mrs. Horton's sister, Mrs. Lee Henry and family. Mrs. Holly of Fulton visited Mrs. Dutch Bondurant and family and also Mr. and Mrs. Arthur Roper and family Sunday. Mrs. Fannie Henry went to Hickman Saturday to spend a few days with her daughter, Mrs. Roper and family. Services were held at Spring Valley Church Saturday night and Sunday by Rev. Johnson. Only a very small crowd was present. Jack McCallan, who has been ill for several months, died Monday morning about nine o'clock. Mr. McCallan was a good and faithful Christian, who has held his membership in Rush Creek Church for about fifty years. He was the superintendent of the Rush Creek Sunday School and never missed a Sunday from church unless he was very sick or was called away on account of sickness or other important cause. He leaves a much-grieved wife, one son, two daughters, and five grandchildren besides a host of friends to mourn his death. His dear family has our deepest sympathy. He will certainly be greatly missed by everyone who knew him. Chicken pox is now in this neighborhood besides other diseases. Len Bryant was called to Moscow Sunday on account of his uncle being much worse. Almas Polgrove and daughter, Elizabeth, of Moscow, spent Saturday night and Sunday with his brother, George Polgrove, and family. Mr. and Mrs. Charlie Roper spent Sunday afternoon with relatives at Cayce.

Small pox is prevalent in the vicinity of Sylvan Shade, State Line and Woodland Mills, several cases having been reported to date. Reports from these communities indicate that the physicians are busy now vaccinating.

Bailey Huddleston and wife were visitors in the city Tuesday.

PRESIDENT WILSON SHIPS BY TRUCK

President Wilson is an advocate of the "ship by truck" idea which has been urged upon rural districts as one way to lower short haul transportation charges. He is hauling his household goods from the old home in New Jersey to the new home he will occupy in Washington after March 4. The upper picture shows the first truck load of furniture arriving at Washington—the lower shows Mrs. Wilson and her brother, Mr. Bolling, directing the unloading and placing of the household goods.

SOUTH'S VOICE IN CABINET NIL

Harding Indicates Choice for Political Reason Would Show "Sectionalism."

President-elect Warren G. Harding has indicated that he will decline to be named to succeed by sectional influence in the appointment of a Cabinet. This means probably that there will be no representation of the "old South" in the Cabinet despite the common new theory made by such an appointment.

Mr. Harding is strongly in favor of giving up sectionalism in the United States. It has been noted on this that the best way to do this is to appoint a man to his office from the old South. Mr. Harding is now taking the view that this would be a recognition rather than an obliteration of sectionalism.

If in the last analysis Mr. Harding had put a Southern man in his Cabinet he would do it because that the section was not based on sectionalism but on the merit of the man.

There is a further possibility that Mr. Harding will appoint a man from the South to succeed him as Chief Justice, may appoint a Southerner to fill a vacancy before a year is passed.

The move for a Southern Cabinet member is said to be wholly political. There has been a steady appeal for men of the character of Chief Justice William Howard Taft, North Carolina, in the past for many years.

CARD OF THANKS.

We wish to express our thanks to the doctor and neighbors for the many acts of kindness and sympathy shown us during the sickness and death of our dear father, Mr. J. M. Harker.

The Children.

Today is County Court day in Fulton and all county officials are over from Hickman. This morning the will of the late G. E. Moore, who committed suicide some time ago, was probated. County Judge Elvis J. Starr is presiding over the court. We noticed County Attorney McNeill, Clerk Clarence Henry, Jailor Chas. Murpherson and several other county officials, who are seeking office again, on the streets, glad-handing their friends. Tuesday's Fulton Leader.

POOR BLOOD IS JUST LIKE SLOW POISON

Makes You Feel Lazy and Discouraged.
You Get Nothing Done.

PEPTO-MANGAN PURIFIES

Tone Up Your Blood with It. Notice the Difference with Rich Red Blood in Your Veins.

The man or woman or the child with a sickly-looking complexion, a pale wan face, has blood that is filled with poison. Instead of rich red blood coursing through their veins, they are trying to get along with blood that is weak and thin. It doesn't carry life-giving qualities through the body. You see those men and women every day. They are so tired. Their shoulders droop. They slouch. It is all they can do to get around.

As soon as you begin to feel that way take Pepto-Mangan, the well-known blood tonic. It will clear away the poisons and make your blood rich with red corpuscles.

Pepto-Mangan is prepared in both liquid and tablet form. One has the same medicinal value as the other. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. —Adv.

Grove's Tasteless Chilli Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

LOOMS HUM FOR WOMEN IN SHEEP COUNTRY

Leave it to the American farm women to get out and find a market while her husband looked to idle mills for returns on a great wool crop. She dragged out the old family loom from the attic, dusted it off and started weaving blankets from virgin wool—blankets which sell from \$11 to \$15 a pair and are sought after by hotel and public institution managers. The movement first started in Arkansas and Texas where thousands of pounds of wool clip is in store—due to the low price of 20 cents offered by buyers—and which cost about 35 cents to produce. The pictures show, upper, small flock of sheep, such as may be found on any farm, which will shear enough wool to make three or four blankets. Lower—A wool grower's wife at Texarkana, Ark., who is making \$10 to \$15 a day with the old family loom. Offices are being opened in Texas by wool growers where orders for blankets are taken, to be filled by community looms.

ALL LOST SIGHT IN THE WAR

Members of Evergreen Post, No. 5, American Legion, Eulogized by National Commander.

The spirit of the American Legion does not lie in the members of Evergreen post, No. 5, in spite of the fact that all of its members are men who lost their sight during the World war. When F. W. Gallenrath, Jr., national commander, heard of the formation of the post recently, he immediately wrote a letter to Charles Frost, post commander. Mr. Gallenrath intends to visit the post in the near future.

The national commander's letter, in part, follows: "I am touched beyond expression that these comrades of ours have seen fit to associate themselves together in affiliation with the great American Legion for the purpose of realizing more fully those ideals for which they fought. It is an inspiration to know that, scarred and maimed to an extent which would lead many to feel that to them there would be no further obligation to give to the world, but rather to live and receive, they still feel a desire to give something further of service to their country and community. This is indeed true nobility."

Mother

"California Syrup of Figs" is
Child's Best Laxative

Beware! Say "California" or you may not get the genuine "California Syrup of Figs" which doctors recommend for babies and children of all ages. Nothing else cleans the little bowels and regulates the child's stomach and liver so gently, so thoroughly. Directions on each bottle. But you must say "California." Don't be talked into an imitation fig syrup which hasn't the delicious fruity taste of the perfect "laxative physic" action.

IS PIONEER LEGION WORKER

Washington Man, Field Organizer, Will Help Supervise National Movement for More Members.

Robert A. Le Roux, who was one of the pioneer American Legion workers in the state of Washington, has been appointed field organizer at national headquarters, and left recently for Nevada to begin work there.

Mr. Le Roux is a newspaper man and has had considerable experience in the field of organization. He served with a Canadian infantry unit in France during the war. He is one of several national field organizers whose duty it will be to supervise speakers and other organizers in the national movement for more members for the American Legion. The membership campaign to be carried out this year will be national in scope.

ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Drugists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Mannesmann-Neudorf of Salzig, Germany.

ALWAYS ANXIOUS TO PLEASE

Hubby Ever Thoughtful of the Treasure He Had Won for a Partner in Life's Joys.

It was her birthday, but he had rushed off to business with just the usual duty-peck at her upturned face, and she was left to worry the day through, oppressed by the thought that his love was waning. When he returned at night, wished her "many happy returns," gave her a full-size bug, and placed a tiny packet in her hand, she knew that she had wronged him. He was still the same generous-hearted Romeo who had wooed and won her.

"And I thought you'd forgotten all about it, Harold," she cooed, as she carefully unwrapped the package. Then a black-edged expression took a front seat on her features. "Pipe-cleaners!" she gasped. "Yes, pet," he said, "I knew they'd please you. You never did like me to use your hatpins!"

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Will Your Income for 1921 be Satisfactory?

Your income may come from two sources—from your earnings and from interest on investments.

If you are regularly putting aside a part of your earnings and investing in good securities, your investments may some day take care of you, when your earnings cannot. Have you ever thought of that?

Ford

THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. Let us have your order for one now to avoid delay in delivery.

SOUR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. E. S.

Mummies Should Be Banned. A professor of bacteriology in the Northwestern university found that mummies are a source of germ incubation, and death and destruction is likely to lurk in the household that has a mummy in its bric-a-brac department. Keep your mummies incased.

For good eats, go to Frost's.
